A woman with long brown hair is seated on a wooden stool, wearing a dark, sequined, off-the-shoulder dress and black tights. She is looking off to the side with a soft expression. Behind her is a large, decorated Christmas tree with warm white lights and gold and red ornaments. To the left, several large, illuminated snowflake-shaped light fixtures hang from above. The background is a dark, textured wall with some greenery on the far left.

CHRISTMAS

Lights

"Christmas lights do more than brighten our homes and streets—they remind us of a deeper meaning".

Each glowing strand reflects the truth that Jesus Christ is the Light of the World, bringing hope, warmth, and guidance into our lives. Just as the lights shine through the darkness, His presence illuminates our hearts and leads us with everlasting joy.

"The Enduring Symbolism of the Christmas Wreath"

More than a beautiful door hanging, the traditional Christmas wreath carries profound historical and religious significance, serving as a beautiful marker of the holiday season.

"The Countdown to Christmas: The Four Weeks of Advent" The wreath is most famously known for embodying the Christian season of Advent, which symbolizes the four weeks leading up to Christmas Day. By hanging a wreath on your door, you are not just decorating; you are embracing a timeless tradition that marks the joyous anticipation and spiritual journey toward the Nativity.

CHRISTMAS Wreaths

The wreath's perfect, unbroken circular form represents the eternal cycle of life, the never-ending love of God, and the hope of Christ's everlasting reign.

Its unique shape—large, star-like leaves fanning out from the center—perfectly echoes the celestial phenomenon that guided the Wise Men to the newborn King. By bringing a Poinsettia into your home, you're not just adding a splash of festive color; you're placing a powerful symbol of guidance, hope, and the light of the first Christmas in a place of honor.

CHRISTMAS

Baubles

" The sparkle that started with a forbidden fruit. "

Christmas baubles evolved from the traditional apples used on German "Paradise Trees"—representing the forbidden fruit of Eden—when 19th-century German glassblowers in Lauscha, seeking a cheaper substitute, began crafting the fragile, silvered glass ornaments we know today. These glittering decorations rapidly became a global trend after being popularized by Britain's Queen Victoria and her German-born husband, Prince Albert.

CHRISTMAS *Stars*

" The guiding light on the highest bough. "

The star primarily represents the Star of Bethlehem (or Christmas Star) from the biblical story of the Nativity, as recorded in the Gospel of Matthew. This bright star famously guided the three Wise Men (Magi) from the East to the birthplace of the baby Jesus.
